2021 Annual Members Gathering - Hosted Online
North House Folk School – June 1, 2021

Attending

Approximately 80+ North House Folk School members and guests attended

I. Welcome

Jessa Frost, program director, welcomed everyone to the meeting and explained how the online Zoom meeting would work.

The meeting was called to order on Zoom at 7:05 p.m. by Mike Prom, Board President.

Everyone was welcomed.

Prom recognized and thanked students, members and volunteers, all of whom play a central role in the North House's community. Much has happened since we gathered last in August 2020. Prom also recognized the North House staff for their year-round and inspired efforts advancing North House's mission.

II. Highlights and Updates

Greg Wright, executive director, presented an overview of the year, underscoring the focused efforts and deliberate planning that has been key to contending with the year's many challenges. Both the strength of North House's community and the power of North House's mission have been an inspiration. Digital programs, modest summer offerings, campus projects – North House is moving forward in spite of challenges.

Tina Hegg Raway, treasurer, confirmed that 2020 was financially strong and noted that 2021 started the same. This strength positioned North House to be prepared for 2021-2022.

Tough decisions have been required, but importantly we have continued to find ways to work with our instructors and also to keep our staff team together.

Tom Morse, development director, affirmed the key role of the donor community. Support is strong, many students in cancelled courses simply decided to convert their tuition into annual support, and foundation partners have been flexible and collaborative. Donor leadership made key projects like Crafting In Place and continuing our school programs (this year with craft kits sent to every child in the community) possible.

Jessa Frost, program director, affirmed the collaborative efforts that transformed North House's programmatic efforts during the pandemic. Our digital programs are keeping us connected to our students and instructors while also widening our circle of connection. Online efforts are teaching both North House and our partners new skills.

III. Nominating Committee

Minutes from the 2019 annual members' gathering were unanimously approved by all present.

Prom noted that new By-Laws designed to advance the efforts of the board were created and approved by the board earlier in the year. A copy was provided in the packet for review.

Prom recognized that key role the board has played during the past year and noted that thankfully there are no outgoing board members in 2020.

The slate of new board candidates prepared by the nominating committee were presented:

** First Term: Phil Oswald, John Schoenherr, Stephen Skeels

** Second Term: Jane Alexander, Mike Prom, Carol Winter

** Third Term: Nancy Burns

The slate of nominees was moved and seconded for approval. The membership present voted unanimously in favor of the candidates as proposed.

IV. Closure

Numerous questions were shared and responded to by staff members and board members.

The annual meeting culminated at approximately 7:50pm.

Minutes prepared by:

Greg Wright, NHFS Executive Director

2021 OPERATING OVERVIEW

This financial overview outlines North House Folk School's fiscal realities and efforts in 2021. However, a 2021 financial report at North House would be incomplete without reference to both 2020 and 2019. Importantly, from an operating perspective, North House ended both 2021 and 2020 in the black. This was largely due to deliberate efforts to rekindle programmatic vitality, robust donor giving, strength in grants and school store revenue, plus deliberate management of expenses on many fronts. Integral to these results—the dedicated efforts of staff and leadership of North House's board and committees.

Program: Three of the first four months of 2021 took place without on-campus coursework. Thankfully, skills developed in 2020 hosting digital programming positioned North House to host numerous online courses, bolstering tuition revenue. The return of warming weather and a robust Covid-safety plan allowed on-campus coursework to return. Total tuition for 2021 was roughly 50% of 2019. The schooner Hjørdis operated at 70% of 2019 levels.

School Store/Special Events: School store revenue was at 85% of 2019 levels, thanks in part to the upgraded online store (a grant-funded project!). Creativity and generosity during 2021's hybrid online/outdoor version of Unplugged and the simultaneously hosted Points North Online Auction generated over \$56,000 of net revenue, more than 10% ahead of 2019 results.

Giving/Grants: Donor involvement played a key role in moving North House forward. 2020 and 2021 were actually our strongest donor support years ever! A \$60,000 challenge grant from Manitou Fund focused on scholarship/accessibility generated robust support, which means \$120,000 is being invested in our Scholarship and Work Study programs in 2021-2022.

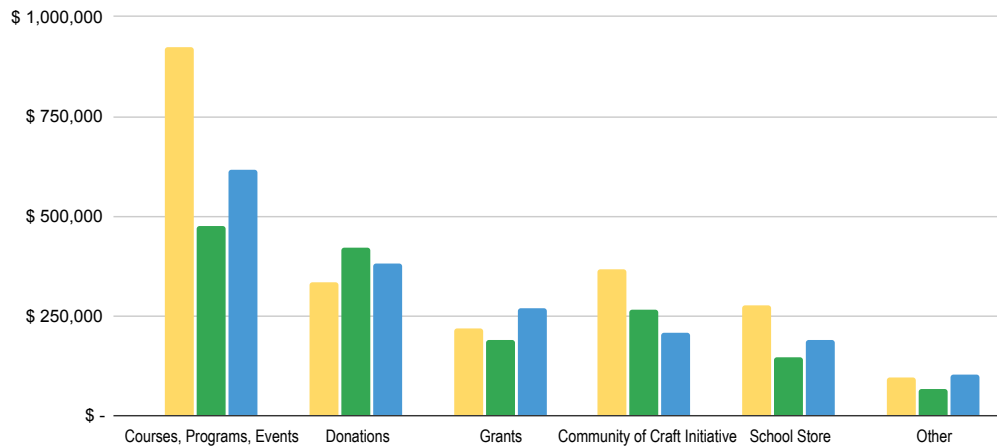

Operations: Efforts to pursue low-cost/high-impact projects defined much of the year, including refinishing the exterior of the Fish House and remodeling the instructor bunkrooms. The retirement of three staff in 2020 simplified our financial commitments through the beginning of the pandemic, but 2021's financial stability allowed us to fill open positions and complete the search for the new Youth and Family Program Coordinator and Program Manager positions that were originally planned for 2020.

Contingency Funds: We have been able to harness key fiscal opportunities related to pandemic funding to expand our emergency reserve and create a new contingency reserve to ensure the stability of our staff team. We see these efforts as central to responding to current challenges and preparing for critical steps in the coming years.
